

# Aerospace Manufacturing and Design 2010 Online Media Opportunities

**AEROSPACE**  
MANUFACTURING and DESIGN

*Aerospace Manufacturing and Design* was launched in January 2007 as the only trade publication dedicated to design, manufacturing, testing assembly and maintenance of aircraft and aerospace components.

Design and manufacturing professionals signed up to receive *AMD* because of our unique, one-of-a-kind publication. In the last year alone, our subscriber base has increased dramatically and continues to grow.

*AMD's* timely editorial is available not only in print, but through our website. Both our site and the magazine are designed to help advertisers reach this lucrative and growing market. You can add [onlineAMD.com](http://onlineAMD.com) to your advertising mix to drive customers to your product information or website.

## WEB ADVERTISING

## WHITEPAPER

*Aerospace Manufacturing and Design* advertisers can also post their whitepaper on *AMD's* popular industry website, [onlineAMD.com](http://onlineAMD.com). This is a very special opportunity to place your organization and its capabilities in the hands of industry prospects who need and want your services.

Posting your whitepaper to [onlineAMD.com](http://onlineAMD.com) is only available to advertisers for \$600 per year.
