**Revolution Drill Requires no Pilot Hole**  
Allied Machine & Engineering Corp.

Allied Machine & Engineering Corp. provides hole-making solutions for the metal cutting industry worldwide.

**DCX22 Dual Column 2 Meter Machine**  
Hurco USA

This 2-meter machine with more than 1.75 meters in Y is perfect for large dies, molds, and parts for aerospace and the energy sector.

**Enhanced FeatureCAM Version Available**  
Delcam plc

FeatureCAM's new version includes enhancements across the full range of functionality.

**Handtmann Backlash-Free Gantry RS**  
Handtmann CNC Technologies Inc

The GANTRY RS from Handtmann uses rack and pinion drives, to achieve highest dynamics for the linear axis.

**Haas Increases Performance of Core Rotary Products**  
Haas Automation Inc.

Adding a 4th-axis rotary table or indexer to a machining center is a sure way to boost productivity, reduce setups and increase accuracy on multi-op parts.

**Toggle Clamps with Safety Locks**  
Carr Lane

Carr Lane has introduced a variety of new toggle clamps with safety locks.

**Metric Crest-to-Crest Wave Springs**  
Smalley Steel Ring Co.

Smalley Steel Ring Co. has introduced a series of small, standard-sized Crest-to-Crest wave springs.

**ACCURA 3D Coordinate Measuring Machine**  
Carl Zeiss

Systematically implementing customer requests was the main challenge in the development of the new Accura coordinate measuring machine.

**EXOCARB Diamond Drills**  
OSG

OSG has developed several new carbide drills for carbon fiber reinforced plastic (CFRP).

**7792VX High Feed Milling Cutters**  
ATI Stellram

The patent pending 7792VX family of milling cutters from ATI Stellram reduces part costs by improving metal removal rates as much as 90% when compared to conventional cutters, according to the company.

**Specially Priced Swing Clamps**  
Carr Lane Roemheld

Carr Lane Roemheld's newest heavy-duty swing clamps are of high quality, but are specially designed to be more affordable than previous models.

**Reid Supply's New Website**  
Reid Supply Co.

What Does It Take to Build a World-Class e-Commerce Website?
